National Assessment Program - Literacy and Numeracy

Years 3, 5, 7 and 9
In May 2015 the National Assessment Program - Literacy and Numeracy (NAPLAN) will be completed for all students in Years 3, 5, 7 and 9 in all government and non-government schools. This program will assess the literacy and numeracy learning of students in all Australian schools.

The results of the tests will provide important information to schools about what each student can do, and will be used to support teaching and learning programs. Reports giving the results achieved by your daughter will also be provided to parents. Each student’s level of achievement will be reported against the national minimum standard.

Students are requested to provide background information (name, gender, date of birth, language background and Aboriginality) as part of the National Assessment Program. This information is treated confidentially and held securely to ensure that every student’s right to privacy is maintained.

The tests will be conducted across Australia on the same days for all students according to the following timetable:

- **Tuesday 12 May** – Language Convention test (Spelling, Punctuation and Grammar) and a separate Writing test.
- **Wednesday 13 May** – Reading test
- **Thursday 14 May** – Numeracy test (Number, Algebra, function and pattern; Measurement and Space; Chance and data). Students will not be required to bring measuring tools such as rulers or protractors for these tests. In Years 7 and 9 there will be two Numeracy tests: one where a calculator is allowed and one where calculators are not used.
- **Friday 15 May** – A ‘catch-up’ day is scheduled for students who missed a test or were absent on a particular day.

Students may be considered for exemption from the tests if they have arrived in Australia less than a year before the test and have a language background other than English, or if they have significant intellectual and/or functional disability. All other students are expected to participate in the tests.

Access to Disability Provisions (such as large print, Braille versions of the tests) and exemptions must also be discussed and authorised beforehand. Students may also be withdrawn from NAPLAN by their parent or carer. Please contact me before Thursday 2 April if you would like a copy of the application and consent form for exemptions. Access to Disability Provisions or to withdraw your daughter from the NAPLAN tests.

Additional information for parents about the National Assessment Program can be found on this website: [http://www.nap.edu.au/NAPLAN/Parent_Carer_support/index.html](http://www.nap.edu.au/NAPLAN/Parent_Carer_support/index.html).

You should have any questions or require any further information about any of these tests, please do not hesitate to contact Ms Liz Cumming or myself.

Primary Focus Day
An integrated Focus Day has been organised for the Primary School on Wednesday 25 March. All of the girls from Kindergarten to Year 6 will participate in a range of activities based around the idea of the girls using their interests to help develop their Literacy and Numeracy skills, while at the same time investigating aspects of Science, Human Society and Its Environment, French, Music, Dance, Drama, Visual Arts, Physical Education or Personal Development and Health.

As a component of the day, and to help build a strong learning environment, the girls will be given the opportunity to nominate their personal areas of interest from a range of activities and they will then spend the day immersed in learning experiences integrated with this topic. The girls will also each be given an icon card to take home and prepare for the day. On this card, each girl is to write the name of an individual who she admires. The girls are also encouraged to add a photograph or draw a picture on the card. The icon card will be worn at House Families and used as a discussion prompt. The teachers are very much looking forward to our Focus Day and immersing the girls in deep thinking and rich learning experiences.

Parents’ and Friends’ Association

Term I Meeting
On Tuesday 10 March, parents and friends from the SCEGGS Community heard Dr Soji Swaraj speak on insulin resistance, a phenomenon that is a large driver of the worldwide obesity and chronic disease epidemic. His talk was beneficial on all levels, not just for those who may currently fall into the profile of ‘insulin resistant’, as he proffered sage advice on how we can all live better and live well. The very receptive audience was informed and inspired by Dr Swaraj’s presentation and indeed went home with practical steps for families and individuals to improve wellbeing. It was a very worthwhile experience. My simple mantra for today and beyond: eat less, move more, embrace standing.

The P & F would like to thank Dr Swaraj for being a generous and endearing speaker and answering so many questions! Thank you also to parents and friends who took up the unique opportunity to hear him speak and thank you also to Mr Stuart Lee for organising and liaising with Dr Swaraj.

The SCEGGS Eisteddfod – ‘Over and Out’
Congratulations to all participants from the Primary and Secondary schools. What a valuable way to start the performances year. Certificates of Participation are being prepared and will be presented soon. What a mighty effort on the part of so many students and tutors preparing them. The Guest Adjudicators, Ms Caron Chan (Primary Vocal Heats), Ms Diana Springford (Primary and Secondary Highlights Concert), Ms Susanne Powell (Secondary Instrumental Heats and Highlights Concert), Ms Helen Saltos (Secondary Vocal Heats and Highlights Concert), Ms Milan Ring (Rock Eisteddfod), have been fulsome in their praise for the musical contributions made by the girls. Ms Susanne Powell gave an overview of the ‘strength and diversity of the music programs at SCEGGS’.

Bravo! To Ms Stephanie Holmes and Ms Heidi Jones for keeping track of more than 300 performers, their music and their paperwork, and ensuring that our busy team of Adjudicators kept up with the schedule. What a mighty effort they gave as our Accompanists and Performance Coaches, across two weeks and two ‘very big’ Highlights Concerts. Mr Whitting’s assistance for so many of the younger string players was invaluable. So many performances to have rehearsed and supported.

All Music Staff have worked to support girls’ performances in many, many ways. Well done to them.
